

What is Worship?

Key Verse: Isaiah 29:13 – “These people come near to Me with their mouths, and honor Me with their lips, but their hearts are far from Me.”

1. On Sunday, Pastor Matt shared this quote: “Real worship defies definition. It can only be experienced.” In your own words, how would you describe “worship”?

2. Do you personally feel that you have a balanced view/perspective of both praise and worship? Or do you “prefer” one to the other? If so, why?

3. How sensitive would you say you are to the leading of the Holy Spirit in times of personal worship? How about corporate times of worship?

4. What will you do this week to improve both your personal and corporate worship?
